FOOTBALL SERVICES FOR CLUBS

Four ways to work with your club.

Pick the ones worth a conversation. Reply with the letters and I'll prepare for those.

Lukáš Hošala, UEFA A coach and head of analysis at a Slovak top-flight club.

A

PLAYERGRADE

A standalone tool for your recruitment staff. Every player gets one grade from 0 to 100, adjusted for league strength and position, with the calculation visible. It runs on data your club provides. In pilot use at clubs in Slovakia and Poland.

First step: a 30-minute demo on demo data.

B

OPPOSITION ANALYSIS

A report before each match, from video and data. How the opponent builds up, presses and defends set pieces, and where they concede. Clips for the players, a short brief for the staff. Prepared and signed off by a UEFA A coach.

First step: a sample report to read.

C

SCOUTING, EUROPE AND ASIA

Europe to Asia. Shortlists and dossiers on players from European leagues who fit the profile you describe, strongest in Central and Eastern Europe.

Asia to Europe. Reports on players from your league, written the way European clubs read them.

First step: the profile you're looking for.

D

INTRODUCTIONS IN CENTRAL EUROPE

For clubs looking for new partners in Slovakia, Czechia and Poland. Clubs for loans, friendlies and training camps, and licensed agents who work those markets. We make the introduction. We don't represent players or negotiate transfers; that stays with the clubs and licensed agents.

First step: the kind of partner you need.

THE HONEST LIMIT

PlayerGrade is calibrated mainly on Czech and Slovak league data. It suits judging European imports. A coefficient for your league has to be built with a partner club first.

How to choose. Reply to my email with the letters, for example "A and C". We meet for 30 minutes in Malaysia or Thailand between 5 December 2026 and 1 February 2027, or by video. Scope and price are agreed in writing after that.
